

Dear Mrs Kelly,

I am writing about why we should wear school uniform to school.

I strongly believe that all of the children in St Johns should wear a uniform to school because it is undeniable that everyone looks outstandingly smart, and if we wear casual clothes not many parents would want to bring their child to our school. In my opinion, I think that we should wear school uniform but, I can understand that casual clothes are comfortable, but I think that we can wear comfy school uniform to school such as, thick tights/trousers, comfy school jumpers/ cardigans and hat scarfs and gloves.

I think that if we do wear school uniform it would be easy to identify the child if they got lost on a school trip. Without a doubt, I would always choose this school to go to because I know St Johns are a great community, because everyone looks smart, they are all very friendly, and we are very welcoming. I know we can work together to make a compromise to make everyone happy with what they are wearing.

I think that everyone in the school should wear school uniform so no one should get judged for wearing cheap clothes, clothes and everyone else is wearing designer clothes, and that could cause bullying. I acknowledge that casual clothes would look very nice and pretty however, I would rather look extremely smart and that could possibly make more children come to our school.

I strongly believe that everyone should wear uniform for many reasons such as that certain children may not have have certain clothes or some children may get lost on school trips and if they were wearing casual clothes, it would be harder to find them when they get lost, and school uniform looks extremely smart which is why we should wear school uniform, however I think on Fridays, we should wear casual clothes, because it is a half day, and we have skills groups such as karate, orienteering and some more. So the groups like karate and orienteering, need certain clothes such as, sporty or comfy clothing, so I think it would be easier to wear casual clothes.

Yours Sincerely,
Charlotte
