

Persuasive Letter

Wednesday 27th November

Dear Mrs Kelly,

It is often a debate in schools whether children should wear school uniform or not. I am writing to you to give my reasons why we should wear uniform.

To me, the reasons are very clear and obvious as to why we should wear school uniform. Firstly, it makes children look smart and feel ready to learn. Without doubt, they will feel a sense of belonging to a community. Although casual clothes are more comfortable, uniform is more appropriate for school.

It is certain that some children would like to express themselves by wearing casual clothes. However, unfortunately some children may get teased for the clothes they wear and what style they have. If children wear uniform they are all equal and might not get teased.

I feel that wearing uniform will help children prepare for future careers where they might be expected to wear uniform. It is also easy to identify children on a school trip and the price for parents is cheaper because if their children were wearing casual clothes all week, it would cost more to buy an outfit for every day unlike school uniform.

I strongly believe that we should wear school uniform but we could have dress down day every Friday unless there is church. I think this because we have skills groups and are sitting in assembly for a long time. Casual clothes would be more comfortable for this.

As you can see, in my opinion we should wear school uniform because children will look smart, focus more and they will not be teased for their own style in casual clothes.

Yours sincerely,

Harris Akram
