

## P3B learning blog

P3B have been very busy learning across the curriculum. We have taken the time to reflect on our learning and this is what they had to say:

**MICHAEL** says, "We have done Maths sheets using number lines. I used to jump in ones but now I can jump in 10's"

**FREJYA** says, "I learnt how to collage this week. I ripped small pieces of paper and stuck it on a picture."

**EASSA** says, "In spelling, we were learning about magic e. Magic e turns a, e, i, o, u into it sound."

**JAGODA** says, "We learnt new tricky words like eye, even and above."

**ADAM** says, "In spelling we learnt the soft g sound. I know that if 'g' follows e, y and i it makes it soft. The same rule applies to c."

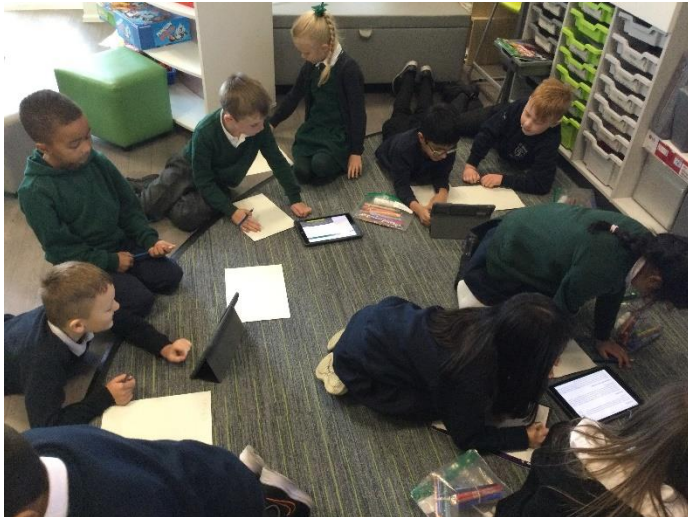

**ANDREW** says, "We learnt about syllables, which allows you to break words into smaller bits to help you spell."

**NATHAN ZUK** says, "I learnt about money and that some are round, and some have points. I also learnt that there are 100 pennies in a pound."

I have been super impressed with the amount of learning happening in P3B especially at such an exciting time. Some more learning in P3B:

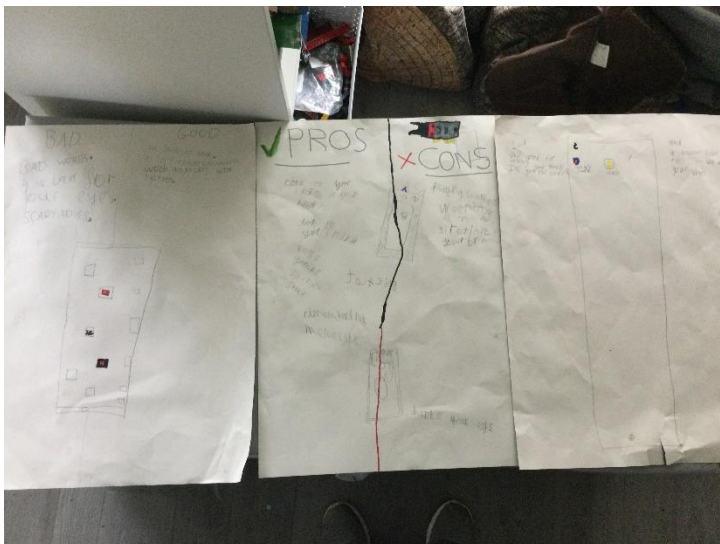

P3B super excited receiving their read, write, count book bags.

P3B researching astronauts such as Neil Armstrong, Buzz Aldrin and Mae Jemison after reading the book 'look up'.

Working in groups to research the pros and cons of having a mobile phone inspired by our book 'look up'.

Drawing Luna the cat from our book 'look up'.

And lastly, it's beginning to feel a lot like Christmas:

Decorating our class Christmas tree. Everybody was super excited.

Designing and drawing our display window for the winter windows.

*Merry Christmas from P3B*
