Writing

This week we wrote a learned about the legal case between Aldi and M&S about caterpillar cakes. Our class has a lot of different opinions and it was very funny to see all the tweets and how big it has got. We then used our persuasive writing skills to write a tweet in favour of Colin or Cuthburt. Then on Friday, Tesco caterpillars Curly and Calli came to give their expert opinion about our tweets. Their opinion was tasty!

Numeracy

We are learning about number sequences. A sequence is a a list of number that are linked by a rule. For example 9,15,21,27, the rule is adding 6. We first had to find out the rule and then we could find the missing numbers or continue the sequence.

National Parks

This week, it was National Park Week. We learned about Scottish National Parks. The we made a book creator about one of the Scottish National Parks in pairs. The Parks we could choose from were the Cairngorms or Loch Lomond and the Trossachs. We had to include the local wildlife, the size, and where it is.

R.E

This week in R.E we learned about Ramadan. Ramadan is a Muslim celebration in which you fast and give up bad habits. Ramadan is also the lead up to Eid, a big festival celebrating the end of Ramadan. Ramadan is a chance to find out how homeless people feel without the privileges of a home and 3 meals a day. We then made paper lanterns to represent light in the darkness.

Music

We learned about the Baroque period in music and the different composers. We the listened to Zadok the Priest by Handel (you might have heard it in football!) and drew what the music made use feel and shared it with our friends

Outdoor learning

On Tuesday we did outdoor learning in the morning we made clay faces of different animals there was a deer, cat, owl, snake, rabbit, spider and more. Later after lunch we wrote about how animals adapt
