Bigger Than/Smaller Than/Equal To

This week, we are beginning to learn about the bigger than, smaller than, and equal to. At home, have an adult write two numbers to 20, or 10 to stretch. You then have to choose the appropriate symbol!

- For example, $8 > 5$, because 8 is bigger than 5!
- Hint: Think of a crocodile!

Greater Than

$$8 > 5$$

Less Than

$$5 < 8$$

Equal To

$$7 = 7$$

Maths

We have been learning more about **symmetry**.

At home, you can practise your symmetry skills by playing this game:

Other

For the next few weeks, we are going to be doing a focus on Autumn.

To prepare you for this week's learning, go on an Autumn walk.

Think about these things on your walk:

- What can you see?
- What can you hear?
- What can you smell?
- What can you feel?
- What can you taste?
