1 Less

In maths this week, we will be practising finding the number that comes before.

- At home, practise saying/writing the number that comes before from 0-20.
- For more of a challenge can you give the 2 numbers that come before a certain number, in the range of 0-30, or 50.

Maths

This week we are revisiting the topics we have done. Here are some ways you can revisit too.

2D Shape Game

<https://www.topmarks.co.uk/shapes/2d-shape-reveal>

3D Shape – Find some 3D shapes in your house/ outside and draw them.

- You may find a football, which is a sphere!

Draw these in your jotter or on paper.

Pattern – Make your own patten using the 2D shapes you know and any colours you want.

This can be done in your jotter or on a piece of paper and can be taken into school.

Other

This week, we will, be looking at the difference between a Scottish child's day and a Ugandan child's day.

At home, draw one of your days. This can be split into 5 parts (or more), drawing when you wake up, school, after school, dinner, and bedtime.

This will be helpful for our writing on Thursday!
