

Primary 5 Learning

w/c 4th December 2023

Literacy

We had a fantastic time last week celebrating the life and legacy of St Andrew, and rounded it all off with a Scottish fun day on Thursday. This week, we will be writing a journal entry to recount what we did and how it made us feel.

Our spelling pattern this week is adding '-ation' to root words, for example tempt -> temptation and adore -> adoration. How many can you think of at home?

Numeracy

We have been working on times tables this week and are trying to consolidate our understanding through activities, games and word problems.

There is a Sumdog challenge set if your child would like to practice at home, or you could have a go at Hit the Button - <https://www.topmarks.co.uk/maths-games/hit-the-button>

We will also be practising counting in French.

Religious and Moral Education

As we moved into December our focus is moving to advent and the story of Jesus' birth, starting with an advent service on Monday morning in the hall. Over the next few weeks, we will be discussing the nativity story through our preparations for our Christmas performance on 20th December.

Learning Across the Curriculum

We loved our first ukulele lesson last week and are really looking forward to learning some more chords and having a sing-along on Tuesday. We will be decorating our windows with tissue paper to make the school look festive. Our inspiration is the scene that we are focusing on for the show - the Romans telling the Nazarenes to return to their places for birth for a census. Keep an eye out as you walk past the school for everyone's displays!
